### RFQ Questions and Answers #3

May 11, 2010

Q #	Date Received	RFQ Reference	Question	Answer	Addendum (Y/N)
23	5/3/10	RFQ Section 2.6, pg 4	The RFQ states that WSDOT reserves the right to "Hold meetings and conduct discussions and correspondence with the Submitters and Proposers to seek an improved understanding and evaluation of the SOQs or Proposals." Please clarify this statement. If such meetings / discussions are held with one Submitter/Proposer, will all Submitters/Proposers be afforded the opportunity to meet with WSDOT?	WSDOT does reserve the right to hold meetings and conduct discussions; however, for this solicitation of qualifications, we do not intend to exercise this option. Had we elected to have discussions, our policy is to give all participants equal opportunity to participate in such activities.	N
24	5/3/10	RFQ Section 5.2, pg 11	Table 3 - SOQ Organization under Appendix B states that the required information to be provided is: "Financial information: Include Surety letters, history of bonding companies." However Section 6.7 (page 15) describes only the surety letter information to be provided. Please clarify if the Submitter is to provide history of bonding companies and if so, what that information is to include.	The requirements stated in Section 6.7 are correct. We will modify Table 3 to reflect the same.	Y
25	5/3/10	RFQ Section 8.2, pg 22	Section 8.2 states, "Notice of Protest of any decision to accept or disqualify an SOQ on responsiveness grounds must be filed within fourteen Calendar Days after the earliest to occur of: (a) notification of responsiveness, (b) the scheduled date for oral meetings and presentations (if any), or (c) the public announcement of short-listed Submitters." If (b) a scheduled date for oral meetings/presentations occurs more than 14 days from a Submitter being notified as non-responsive or not being shortlisted, then the ability for that Submitter to file protest would be removed according to these requirements. Please clarify this or would it possible for (b) to be removed from this section?	This will be addressed in an upcoming addendum.	Y
26	5/6/10	Voluntary Submitters Meeting	Please provide the cross-section files as shown at the Voluntary Meeting April 21, 2010.	Cross-section files will be provided at the RFP phase of this procurement.	N

Q #	Date Received	RFQ Reference	Question	Answer	Addendum (Y/N)
27	5/6/10	N/A	Please provide MicroStation and InRoads files of the project work represented in the PDF files provided to date.	MicroStation and InRoads electronic files will be posted at the earliest opportunity.	N
28	5/6/10	Addendum 1, Item 4, and Q # 4	For Appendix E, it is our understanding now that there is no page limit for project reference information, but only two pages per project can be used for photos. How will WSDOT count the page limit if pictures are integral to the text in various locations in the project description? Perhaps a page limit, with or without photos, should be specified per project.	Appendix E has a limit of two pages of photos per referenced project. WSDOT will count any project reference page with a photo as one page of the two page limit. This will be clarified in an upcoming addendum.	Y
29	5/7/10	RFQ section 6.0, pgs 13-15	Section 6.2, 6.3, 6.4 and 6.5 all reference "SOQ Appendix E" to include Project Reference Information; however, there is no "6.10 SOQ Appendix E Project Reference Information" listed under 6.0 SOQ Content. Is WSDOT going to add a Section 6.10 to include Appendix E?	We will add by addendum a Section 6.10.	Y
30	5/7/10	RFQ sections 6.1 & 6.2, pgs 12-13	Sections 6.1 and 6.2 of the RFQ request Major Participant information. Is it WSDOT's intent for the submitters to provide the names and addresses of every individual (i.e. Major Participant) named in our SOQ in the Letter of Interest? Same question regarding lines 12 and 13 in section 6.2.	We will modify the requirements of Section 6.1 by addendum. It is WSDOT's intent for the Major Participant information to be provided as requested in Section 6.2.	Y
